# A holistic education

- As part of the **National Outdoor Adventure Education Masterplan**, students will have opportunities outside the classroom to develop holistically; building up their **ruggedness** and **resilience**.
- **Authentic learning experiences** help our students to develop 21st century competencies as well as competencies for **sustainable, active and healthy living**.

# Outdoor adventure learning experience for all

| Lower Primary                                     | Upper Primary                         | Lower Secondary                       | Upper Secondary             |
|---------------------------------------------------|---------------------------------------|---------------------------------------|-----------------------------|
| Programme for Active Learning (Outdoor Education) | Outdoor Adventure Learning (OAL) Camp | Outdoor Adventure Learning (OAL) Camp | MOE-OBS Challenge Programme |

# Outdoor adventure learning

1. Outdoor Education is a component of curriculum in our schools. The MOC Course is an expedition-based programme that will bring together students from various schools, allowing you to interact and work together to overcome various challenges.
2. The experience will provide opportunities for students to:
  - a) Build camaraderie through working together in unfamiliar yet authentic situations;
  - b) Be resilient, have empathy and maintain a positive attitude when faced with adversity.
3. Through overcoming challenging obstacles with your peers, you will learn that it is possible to be innovative and to adapt to your surroundings.

# What will you learn from the MOC?

## Confidence & Resilience

Thriving in an unfamiliar environment with other students.

## Social Cohesion

Working together with students from various schools to achieve a common objective.

## Concerned Citizen

Different roles you can play as a resident to the community and environment.

# Your child's journey

## Pre-Course Lessons & Preparation

- Outdoor Education in PE lessons
- Character and Citizenship Education (CCE) lessons
- Pre-course lesson with Form Teacher
- School briefing for the cohort

## During MOC Course

- Students share their experiences and learning from the course
- Students reflect on the commitments they set for themselves during the course, including their actions and behaviour, interactions with others and care towards the environment

## Post-Course Lessons & Reflection and Learning

- Develop character and learn values and skills through doing and reflection
- Reflect on and apply learning beyond the course

A photograph of two people rappelling down a rope in a forest. The person in the foreground is wearing a blue cap, a red long-sleeved shirt, and a yellow safety vest. The person in the background is wearing a grey cap, a white long-sleeved shirt, and a yellow safety vest. They are both holding onto the rope. The background is a dense green forest.
